A new roof is being placed over the rear porch at the navy yard.

A steam engineer's license of the third class has been issued to J. B. Williams.

The local brokers' offices were all closed yesterday on account of the Good Friday holiday in Wall street.

Thomas Merriman hit James Fitzpatrick with a baseball last night and was fined \$5 this morning.

Edward O'Brien pleaded guilty to stealing a ham from William Hopkins, and will spend sixty days away from home.

John Baker, one of the most promising local amateur baseball players, will leave in a few days to join the Asheville, N. C., team.

An awning composed of Cuban flags in front of a store at the corner of Seventh and F streets northwest, is attracting considerable attention.

Two fine engines and a hook and ladder truck rushed into the vicinity of the Arlington Hotel yesterday, and attracted a large crowd. It was a false alarm.

Richard Hue, who is really black, was sent to jail by Judge Miller this morning for carrying concealed weapons. He was fined ten dollars in default of \$50.

The burning of garbage on the dump near the corner of New York avenue and Fifteenth street northeast, is a source of annoyance to the residents of that locality.

George Washington was in court this morning. This time he was sixteen years old and accused of stealing a pocketbook from Rosa Ware. He was held in \$500 for the grand jury.

The theaters were badly affected, as far as audience were concerned, by Good Friday last night. They were only half filled, and society people were conspicuous by their absence.

Work on the artesian well being constructed on East Capitol street, in front of Lincoln Park, was discontinued yesterday on account of the Emancipation Day celebration, but was begun again this morning. It is progressing rapidly.

The Commissioners have rescinded the previous order suspending the police regulations which required vehicles in stopping at the curb to keep on the right side. There was a great deal of objection to the original order, and the board

## COMING EVENTS IN THE RING

**Big Purse Offered for "Kid" McCoy and Dan Creedon.**

**Two Twenty-Round Bouts to Be Fought in New York Tonight.**  
College Cycle Races.

New York, April 17.—The ultimate fate of Madison Square Gardens of interest to the sporting world in the East, and it is to be hoped that the assembly hall authorizing the purchase of the Garden by the city will pass, as the front could be devoted to offices for the city departments, while the amphitheater could still be used for the purposes which made it famous throughout the United States. The loss of the Garden for horse shows purposes would mean a serious loss to the city from the absence of thousands of wealthy people who help to make this annual event one of the greatest equine exhibitions in the world. The dog show, the cattle show and the sportsman's exposition would also be without a place in the center of the city for exhibition, and the loss of the Garden would mean a curtailment of the importance of all these functions if it did not mean their cessation.

The principal boxing bouts in this city tonight are the Johnny Gorman-Harry Fisher twenty-round "go" at the Polo A. C. and the twenty-round bout between Jack Madden, of Brooklyn, and Patsy Broderick, of Providence, at the National Sporting Club.

The Arena Athletic Club has offered a purse of \$4,000 for the twenty-five-round battle between Charles "Kid" McCoy and Dan Creedon, of Australia, and the matchmaker of the club today announced that he would increase the offer up to \$7,000, in case any other club could find him on the original purse.

Frank Erbe, of Buffalo, and Spike Sullivan, of Boston, will box twenty rounds at 128 pounds before the National Athletic Club on April 28, and Jack Everhardt, of New Orleans, will meet Charles McKee, of Philadelphia, at the same club on May 5.

There will be a twenty-round bout between Patsy Haley, of Buffalo, and Dave Sullivan, of Boston, at the Polo Athletic Club on April 28. The last time the men met at this club Sullivan won.

Harvard has accepted the invitation of the athletic committee of the New Jersey A. C. to compete in the college team relay race the club will give in conjunction with the carnival of sports on Memorial Day. The University of Pennsylvania will send as its best team, and Capt. Gerard, of Yale, has promised positively that Yale will be represented. In addition there will probably be at least two more entries, and the race will surely be an interesting one. The college team relay race at the New Jersey A. C.'s annual spring fixtures has always attracted considerable interest. The fact of its being a race confined to the most prominent and influential colleges and universities makes it one of the most important events of the year. Coming, as it does, at the opening of the outdoor season, all those interested in athletics turn out to witness the performances of the men to get a line on them for the balance of the season.

**A COMEDY OF ERRORS.**  
**A Citizen Arrested Charged With Stealing His Own Goods.**  
It sometimes happens that a man may get himself placed under arrest for pawn-ing his own property. Such was the case yesterday with Lawyer Nathan H. Barber and his friend, William H. Crook. Several nights ago Barber and Crook were out together and after spending all their money Barber deposited his hand-some suit with an Avenue saloon-keeper and then forgot about it. Next day he reported the timepiece to the police as lost or stolen. Another lapse in his memory caused him to forget this also. Yesterday the saloonkeeper returned the watch, whereupon Mr. Barber at once sent his friend, Mr. Crook, with it to the pawnshop.

The broker had been advised by the police to look out for such a watch, and when it came in he promptly communicated the fact to Detective Sutton, who placed him under arrest. Mr. Crook protested and said he could produce the owner of the timepiece in a minute, and called in Mr. Barber, who was standing outside. He too, was arrested, and both were taken to the station-house.

It was a terrible snarl and required not a little explanation and revival of memory to straighten the thing, but everything was explained and all ended well.

**DOINGS OF THE PYTHIANS.**  
**Gratifying Progress of the Temple Building Project.**

Capitol Lodge, No. 24, Knights of Pythias, held its regular session at the lodge rooms last Tuesday night. There was a large attendance, and much interest was manifested in the reports submitted by the general committee, and the special committee of forty-five, which has in charge the undertaking to build a magnificent grand Pythian Temple in this city. The lodge voted \$25 to aid the committee in carrying on the work.

The progress of the movement for the erection of a temple is most encouraging to the knights, who expect in the near future to realize their hopes. The committee of forty-five will meet tomorrow night to confer with representatives of all other lodges in the District, to discuss further plans. Large donations are being received toward carrying out the project.

**Cuban Relief Fund Concert.**  
The committee on the Cuban Relief Hospital fund have now concluded their arrangements for the grand concert, to be given tomorrow evening. The rehearsals have been very satisfactory, and the few admitted to them have been enthusiastic in their approbation. The tableaux are very fine. The death scene of Ruiz is realistic in the extreme, and drew forth great praise. A hospital scene in Cuba is another fine tableau. A series of three tableaux, including Colombia and Cuba, will precede the finale, "Cuba's National Hymn," which will be sung with patriotic enthusiasm. All that is desired now by the committee is a fine evening, and success is assured.

**Ermine Circle Hard at Work.**  
The Ermine Circle held its regular meeting Tuesday evening at the home of Mrs. Robinson, No. 1 Grant place. The club is working hard to assist with two choruses in the benefit concert to be tendered Miss Helen Nye, their leader, next Friday evening, April 23, at Hamilton Church, Ninth and F streets. Miss Nye will also be assisted by Miss Grace Hamilton Jones, Miss Hattie Meade Smith, Mrs. Watson Smith, Miss Bertie Thompson, Miss Irma Callahan, Miss Blanche Kueker, Mr. Harry Murdock, Mr. George E. Terry, and the Metropolitan Quartet.

**Passenger Agent Fuller's Condition.**  
A bulletin issued yesterday regarding the condition of General Passenger Agent Fuller, of the Chesapeake and Ohio Railroad, who was recently operated upon, says: "The patient was taken off Mr. Fuller's bed today, and the foot was found to be healing very nicely. The doctor says there is now no question as to the success of the operation. Mr. Fuller's condition is very good; he is suffering very little pain, rests well at night, and they think will be able to leave the hospital in about three weeks."

**An Interesting Muscular.**  
A program of unusual interest has been prepared for the musicals, to be held Monday evening in the parlors of the First Presbyterian Church, on Fourth and half street. The following popular artists will contribute to the program: Mrs. Shir-Chiff, Mrs. Cross, Mrs. Perkins, Mrs. Bunn, Miss Bartlett, Prof. Kruttsch and Prof. Bohmer's Mandolin Guitar Club. In addition to the music there will be a recital from "Ben Hur" by the Rev. Franklin H. Keen.

American are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy or has done more to relieve pain and suffering. J. W. Vaughn, of Oakland, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels." won't hold good I want to know it, so we can get something else."

"Any talk about turning somebody over-board is laughable. They'll give it to me about as they gave it to Frank Robinson in the Tebeau case last summer. This club is not without friends."

"By the way, I wonder if the league doesn't want to pay Corcoran the raise he demands from the Cincinnati club? For the good of the game, we adjust the case which Gumbert has made against one of the clubs for the 'good of the game'."

"This meeting was a mistake. It was called at the request of one or two clubs. C. H. Byrne, of Brooklyn, is one of the gentlemen who have so deeply interested themselves in the Rust matter. It appears to me that his abilities as a baseball manager could be much better employed in attending to his own club."

"If Rust will sign the contract which has been forwarded to him he will be kindly received and treated. Nothing else can or will be done in the matter."

**Louisville Purchases Hemming.**  
Louisville, April 17.—Louisville has purchased Pitcher Hemming from Baltimore. An offer for \$10,000 for Jennings was refused.

The Blue Bell baseball team defeated the High Drivers by the score of 12 to 4. The Blue Bells would like to hear from all teams whose players are under fifteen years. Address all challenges to C. Chandler, 1018 Georgia avenue southeast.

**SURGEONS GRADUATE.**  
Assistant Secretary of Agriculture Brigham Delivers the Diplomas.

The commencement exercises of the United States College of Veterinary Surgeons were held Thursday afternoon at 4 o'clock in the lecture hall of the college. The president of the college announced the resignation of one of the trustees, and the appointment of the Hon. J. H. Brigham, Assistant Secretary of Agriculture, to fill the vacancy.

The degree of fellowship was conferred on Prof. D. B. Lamb, of this city, and Dr. C. H. Ford, of New Orleans. The dean of the college, Prof. C. R. Robinson, then introduced the Hon. J. H. Brigham, of Ohio, who, with an appropriate address, presented the diplomas to the following gentlemen who have completed the course and passed the required examination: The degree D. V. S. was conferred upon the following gentlemen: Webster Clay Langdon, of Fargo, N. D.; William B. Elliott, V. S., of Riverside, Cal.; and William E. Yettou, of Washington, D. C.

Dr. D. B. Lamb, representing the faculty, in a beautiful address, showed the progress of veterinary science, and its relation to that of its sister science, and to public health, giving the embryo veterinarian a good advice and good wishes on their journey through life. Mr. Langdon, as valedictorian of the class, gave an outline of the course how it differs from that of many other schools, showing how it is impossible for a student to attend the lectures with such a cosmopolitan faculty without gaining a knowledge of the arts and science. Prof. Provost, on behalf of the trustees, showed the close relation between students and professors, and closed with the motto of the college, "Vestigia Nulla Retrospecto."

**SUPERB MEMORIAL WINDOW.**  
It Will Adorn the Swedenborgian Church.

There has just been erected in this church a large tripart window in memory of the late Mr. and Mrs. Henry A. Scudder, which will be unveiled on Easter morning. The window was designed by the artist, Mr. Frederick Stymetz and executed under his personal supervision by J. and R. La. of the city. It is a new and original work in lines which we think has been successfully developed. It is a wedding of the American school of glass to the dignified composition of the English decorative work.

The subject chosen is that of the "Creation," the intention being to include in the window, in addition to the idea of the "Days of Creation" the expulsion of man from the Garden of Eden. This has been very successfully done by using the "Tree of Life" as the main decorative motif, the tree growing from the bottom of the center light upward right and left through the entire three lights. In the branches of the tree there are six angels, who, with globes above their heads, personify the six days of creation, while below, filling the lower part of the composition, with outstretched hands and flaming sword, the angel of the garden drives forth Adam and Eve.

In the tracery and rose of the upper part the symbols of the alpha and omega and the figure of our blessed Lord in majesty are placed to emphasize the prophecy that "The seed of the woman shall bruise the serpent's head." Thus is brought directly to the attention of the observer the redemption which came through the "Line of David."

As decorative adjuncts, and helping especially to tie the composition together, a number of small ribbon scrolls have been introduced, each of which receives a text, descriptive of the special day of creation above which it is placed, while in the lower part, and tying the three lights together, is a double scroll, on one of which is the text: "In the beginning was the Word. All things were made by Him." On the other, the memorial inscription: "To the glory of God, and in Loving Memory of Henry A. Scudder, 1892, and Nancy B. Scudder, 1893."

No one who has watched the development of American stained glass in its beauty of color can but acknowledge that in this direction we have a "new world" to see. To the credit of the artist, those features of design have been added by the Messrs. Lamb, which, based upon definite principles, have made the English work so well known. Thus is secured the grammatical character which is essential to all compositions, whether in art, music or literature.

**A Sweet Entertainment.**  
A "taffy" pulling soiree was held at the home of Miss Eva King last night. The fun took place in an out-house, which was beautifully illuminated by Chinese lanterns and decorated with flowers. Among those present were Misses Eva King, Elsie Armiter, Nettie Drummond, Battle Thomas, Eva Carter, and Cora Borse, and Messrs. Harry King, Guy Hunt, Shriver King, Sewall Fort, Watson Isaac, Wilton Reilly, Harry Tolson, Lester Pitchey, and others.

**Larcenies Reported to the Police.**  
Joseph Spross reported to the police today that the shed in the rear of his house at 26 Patterson street was entered last night and seventeen fancy pigeons were stolen. Other larcenies were reported by A. B. Horner, who lost a bicycle lamp, and Max Marshall, of 332 Indiana avenue, from whom some one has stolen a quantity of linen during the last month.

**Christian Endeavor Mass Meeting.**  
The April mass meeting of the Christian Endeavor Union of the District of Columbia was held last night in the Anacostia Baptist Church. Mr. Miles M. Shand, president of the union, presided. Mr. Harry G. Kimball conducted the music. After a devotional service, conducted by Rev. Hugh T. Stevenson, pastor of the church, the previously proposed amendment to article 4 of the constitution was adopted. Addresses were made during the evening as follows: "Fellowship," John B. Slemann, Jr.; "Duty to the Church," Miss Anna J. Bell; "Loyalty to Christ," John D. Morgan, and "Enthusiasm," Miles M. Shand.

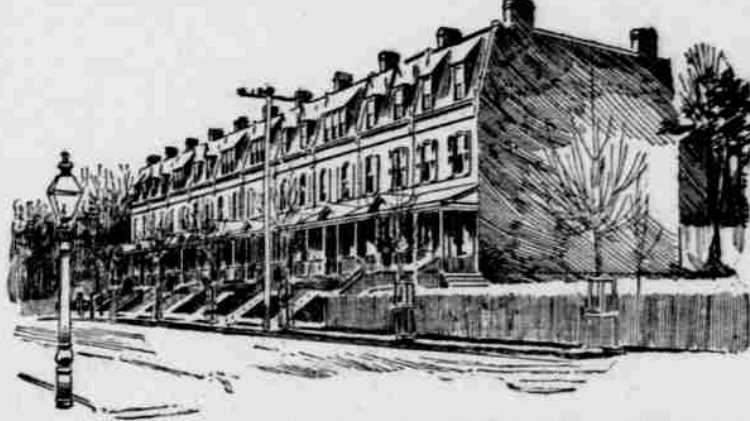

**The Fine Hair of Washington Ladies** has been commended on by many clergymen to this city. The explanation of this fact is due to the use of Jatamansi—a Persian hair dressing in high favor with many of our society leaders. It is prepared and sold at 50c a bottle, by the Washington Homeopathic Pharmacy, 1007 H street northwest.

### TRIO OF THIEVES ARRESTED.

Charles Brown, Gertrude Bates and Irene Dorsey Captured.

Through the arrest of Isaiah Washington, the "wall-scaper," Detective Lacey has succeeded in capturing three other thieves, who have been badly wanted by the police for some time. Yesterday evening the officer went to Baltimore with papers asking for the arrest of Charles Brown, Gertrude Bates and Irene Dorsey. Through the efforts of Detectives Gault and Mohrly, of the Baltimore force, the trio were taken into custody and brought to police headquarters within two hours, although they lived in different sections of the city.

Brown, it is said, is connected with Washington in many of his robberies, and the latter has stated since his arrest that he has in his possession a large quantity of the stolen property. This the officers hope to recover, and they will spend today with Brown, going over the city for the stolen goods.

Gertrude Bates and Irene Dorsey have a long string of aliases after them, and have appeared often in the police court here. They formerly lived on Cedar street, and sent him out for some beer. While he was absent they stole three \$20 bills from a bureau drawer. This Bates said she gave to "Bammer" Washington to keep for her. Several days afterward Washington was arrested for assaulting Gertrude, and was sent to jail for three months. When he was released the girls had gone to Baltimore. Brown and Washington and the two women will probably be brought into police court tomorrow.

**Potomac Literary Club.**  
The Potomac Literary Club held its monthly meeting of the season Tuesday night at the residence of Dr. C. A. Hartleben, No. 1015 Fourteenth street northwest. Dr. D. B. Lamb, president, presided. A. Croft, in his happiest style, read a very able paper on "Mexico," showing in marked degree that it is not necessary to go outside our own continent to find subject matter of engrossing interest. The miscellaneous exercises of a high order, especially the piano solo by Ph. B.; recitation, "Ben Dean," Miss Jessamine Brown; whistling solo, Miss Constance Hurworth; song, "Because I Love You, Dear," Miss Florence C. Grigg; baritone solo, "King of the Main," Mr. Walter Humphreys; recitation, Miss J. Stebbins; soprano solo, "Madrigal," Miss E. Wahly, and short talk by Mr. Henry F. Smith.
